

Summerwood's new Ryobi "Man Cave" Garage

Designed by Ramsin Khachi, built by Summerwood

24 ft. x 24 ft. Ryobi "Man Cave" Garage

Molto Chic!

Summerwood's feature entry at Toronto's National Home Show is our new Ryobi "Man Cave" Garage. Designed in conjunction with renowned designer Ramsin Khachi of the Khachi Design Group, this new styling represents a further shift by Summerwood towards more contemporary, modern designs. With space this chic, your car will want to be on its best behaviour.

Standard Features

- Vertical cedar channel or optional Canexel maintenance-free siding in a variety of colours
- OSB and Tytar moisture barrier
- 30" front overhang, side & back has clean edge
